

SUMYA "ISLAND GIRL" ANANI
I.B.A. JR. WELTERWEIGHT WORLD CHAMPION
1999 & 2001 WBAN Fighter of the Year
19-1-1 / Height: 5' 6" / Born: 2-12-72

Anani's style promotes action every minute of every round. As evidenced in her amazing upset win over Christy Martin, the "Island Girl" has the ability to win an audience over and dominate her division. There is no reluctance in her approach to hitting, getting hit and slugging it out with the best women fighters in the business. Lucia Ryker, Kathy Collins, Christy Martin, Marischa Sjauw—they're all busy fighting, but none of them are fighting the best woman in the division. Make the fight and Sumya "The Island Girl" Anani will show boxing fans nationwide what women's boxing is really supposed to look like.
